

REMARKS

Applicants' respectfully request reexamination and reconsideration of the application in view of the amendments and following remarks.

Pursuant to the Notice of Non-Compliant Amendment, Applicant's Supplemental Response and B cancels claim 19. Claim 52 was inadvertently omitted and the instant amendment inserts the claimed subject matter of claim 19 into claim 52. Applicant believes that only the claims section requires amendment pursuant to the Notice.

Applicant does not believe the claim claims any new matter not disclosed in the original specification.

For all of the foregoing reasons, Applicant submits that the claims are patentable over the cited references and that the application is in condition for allowance. Accordingly, Applicant respectfully requests prompt reconsideration and receipt of the formal Notice of Allowance.

If the Examiner believes there are other unresolved issues in this case, Applicant's attorney would appreciate a telephone call at (502) 452-1233 to discuss any such remaining issues.

Respectfully submitted,

David W. Carrithers
